UpSafe - Acciaierie Venete's corporate safety project evolves with dss+

Acciaierie Venete and dss+ are pleased to announce the start of the second phase of the Upsafe project, which represents a fundamental step in **Acciaierie Venete's, one of the largest steel manufacturers in Europe, journey of transforming their corporate safety culture.** This project is the natural continuation of the path **Acciaierie Venete** started in March with the detailed analysis phase of the management and operational processes, enhancing their **ongoing commitment to excellence** in safety management and culture.

For this next – implementation - phase, which will last around 24 months, **dss+**, a leading global operations management consultancy firm, carefully selected for its proven international experience, will continue to work closely with the **Acciaierie Venete to ensure smooth implementation and sustaining the progress achieved.** Working with **dss+** will enable **Acciaierie Venete** to approach safety management with even greater rigour, guaranteeing the highest standards for the company's future.

Acciaierie Venete are clear about their goal to lay the foundations for a **solid and sustainable safety-oriented company**, where every individual feels responsible and proactive in managing health and safety in the workplace.

The project will mainly take place at their **Padova** site, while also involving the **Borgo Valsugana, Buja, Dolcè, Mura, Odolo** and **Sarezzo** plants, **as well as the subsidiaries**, in key activities aimed at spreading good practices and accelerating change in the Group.

The project is strongly supported by **Acciaierie Venete's CEO** and the **management team**, and will be coordinated by the **HSE** (Health, Safety and Environment) department in close contact with **Site Managers**, to ensure an effective and coordinated implementation at every level.

Both **Acciaierie Venete and dss+** are confident that this close partnership will result in a **significant step towards the continuous improvement** of **Acciaierie Venete's** safety culture, making it an even safer workplace to all the operators and colleagues
